- **With 4 fabrics for the leaves and for each:**

2 leaves C

- **With a fabric for the stems:**

1 bias of 7 /16'' x 32'' (measures of the bias non folded) which will make the 8 stems B

Sch 1

Pattern 2: With the CLOVER fusible bias tape maker and the interlining ribbon, prepare the 7 /16'' x 32'' bias. Cut it out so that you have 8 stems of 4'' long. Put them in place. The ends will be hidden by the circles D.
Using the CLOVER mini ion will avoid having to use pins. With a BOHIN n°11 needle for appliqué and some matching AURIFIL thread, applique the stems B with the traditional method.
With the freezer paper, applique the leaves C by alternating the fabrics. Their base will be visible to then be covered by the central circle D.
