Realisation:

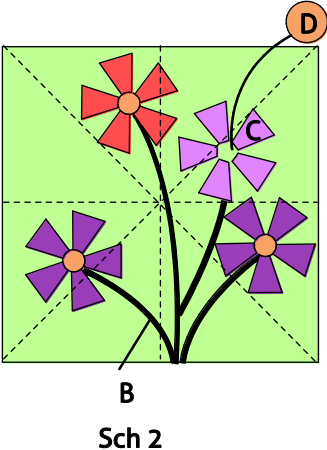

Pattern 1:

Fold the square A on both its diagonals and medians. On the front of the square, report the main lines of the pattern with the PDF file.

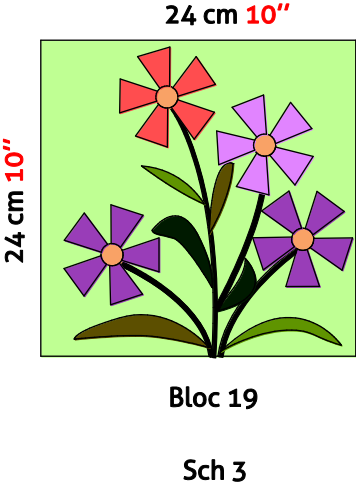

Sch 1

Pattern 2: Make the bias of the stems with the fusible bias tape maker and the interlining ribbon (Clover). Cut it out in order to obtain 4 stems B. Applique them in place and by following the order. Then applique petals C and the center D of each flower.

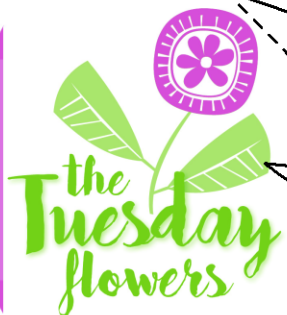

Pattern 3: Finally, applique the 6 leaves by following the pattern.
