Assembly :

Diagram 1:

1. Transfer the template motif included on the pattern onto one freezer-paper rectangle or foundation of your choice. The side with the marking will be the back of the block.
2. Position then glue or pin one coloured rectangle, centred on piece 1, the wrong side of the fabric facing the front of the paper.
3. On the back, fold the freezer paper so that only a seam allowance of 7 mm ($\frac{1}{4}$ ") of the fabric is showing and insert another rectangle, right sides together, aligned edge to edge with the first rectangle. Stitch close to the freezer paper and turn this second rectangle.
4. Repeat steps 2 and 3 to fully cover the marking of piece 1.
5. On the back, fold the freezer paper along the marking between piece 1 and one triangle 2. Cut away the excess fabric at 7 mm ($\frac{1}{4}$ "). Insert one pale pink triangle, right sides together, making sure that once sewn the fabric will sufficiently cover the marking of triangle 2. Stitch close to the freezer paper and turn this first triangle 2. Repeat, in the same manner, for the second triangle 2.

Repeat all these steps to obtain four units, varying the widths of the coloured rectangles.
